CORNER 43 DECOR CO., LTD.

About Corner 43 Decor...

Corner 43 Decor, established in 1987, is a luxury rattan furniture boutique with emphasis on original and innovative designs. We work with young Thai designers; Jitrin Jintaprecha, Apirat Boonruangthavorn and Thirawat Kunawutrittiron; to develop visionary furniture concepts. Corner 43 Decor prides itself on using traditional craftsmanship techniques in production. All our items are meticulously hand-made, and are built to not only look beautiful, they are also ergo dynamic, thus providing exquisite comfort and support.

For many centuries rattan has been used for making furniture. Rattan belonged to the East as much as the opium dens and the canals of old Siam. These exotic memories have gone now, yet rattan still remains. The excellence and pride in craftsmanship has also disappeared in most cases, as rapid economic development has set in and demand for furniture and home decoration has sky-rocketed. As a consequence of this, a booming industry arose, with production of large quantities through mechanization, with low cost and standardized quality.

Corner 43 decor has chosen to remain traditional, with clear focus upon refined craftsmanship and the originality of design. A step forward, however, has been fusing these traditional techniques and qualities with modern designs, concepts and contemporary materials.
