ROYAL PORCELAIN PUBLIC COMPANY LIMITED

Royal Porcelain Public Company Limited is one of the leading manufacturers of premium quality ceramic tableware in Asia. The company is composed of more than 2,000 staffs and employees with a production capacity of 30 million units per year and exporting to more than 50 countries around the world.

The company was founded in 1983 and became a public company in October 2000. As a major manufacturer of ceramic tableware in Thailand, Royal Porcelain has two production facilities that are located in the Kangkhai district of Saraburi province. Both plants boast the most advanced modern technologies, technical know-how and state-of-the-art machinery from countries such as Germany, England and Japan.

All of Royal Porcelain's products are made to stringent quality and safety standards suitable for the consumers and free of any environmental concerns. The company received approval from the United States Foods and Drugs Administration (US FDA) in meeting with its rigid international standards and safety systems related particularly to lead and cadmium release.

Today, Royal Porcelain Public Company Limited is committed to growth and will continue to strive to be one of the world's leading ceramic tableware manufacturers. We persist to service our customers to the best of our abilities by producing high quality products and services which exceed international standards and proudly continue to serve the world market on behalf of Thailand.
